

Open Your Business Bank Account

Separate the money before the office begins operating.

MISSION BRIEF

Select an account that supports clean records, secure payment activity, and a clear boundary between personal and business finances.

FOUR OPERATING PRINCIPLES

Maintain separation Deposit business income and pay business expenses from the business account rather than mixing personal and business funds.	Bring the right records Banks commonly request formation documents, EIN confirmation, governing documents, ownership information, identification, and an authorizing resolution.
Compare account controls Review fees, transaction limits, cash handling, online access, dual controls, alerts, deposits, and integrations.	Document authorized users Record who may access the account, approve transactions, sign checks, or change banking instructions.
